The Surgeon (Rizzoli & Isles #1)

He slips into their homes at night and walks silently into bedrooms where women lie sleeping, unaware of the horrors they soon will endure. The precision of the killer's methods suggests he is a deranged man of medicine, propelling the Boston newspapers and the frightened public to name him "The Surgeon."

The cops' only clue rests with another surgeon, the victim of a nearly identical crime. Two years ago, Dr. Catherine Cordell fought back and killed her attacker before he could complete his assault. Now she hides her fears of intimacy behind a cool and elegant exterior and a well-earned reputation as a top trauma surgeon.
